

NATIONAL DECLARATION OF CONFORMITY No. 2

1. Construction product manufacturer: Galeco Sp. z o.o., ul. Uśmiechu 1, 32-083 Balice.

2. Production plants:

1. ul. Uśmiechu 1, 32-083 Balice, Poland,
2. ul. Jagiellońska 43b, 32-410 Dobczyce, Poland,
3. ul. Łukasiewicza 43, 38-460 Jedlicze, Poland,

3. Name of the construction product:

Downpipes for roof gutter systems and uPVC equipment.
Galeco uPVC gutter systems – drains.

4. Statistic classification of the construction

product:

PKWiU (the Polish Products and Services Classification): 22.23.19.0

5. Intended use and scope of application of the construction product:

Downpipes for roof gutter systems and uPVC equipment are intended for rainwater disposal.

6. Technical specification:

The Polish Standard PN-EN 12200-1 July 2002, "Systems of rainwater plastic pipes for external use above the ground. Unplasticized poly(vinyl chloride) (uPVC)"

7. Declared technical characteristics of the construction product type:

Consistent with specification:

a) proper vertical load resistance of holders – strain tolerance below 3 mm, d) downpipe tensile strength – minimum 42 MPa, c) impact strength consistent with specification, d) impact resistance measured with the Charpy impact test – minimum 30 kJ/m².

8. Name and number of the accredited certifying authority or laboratory or a number of the certificate or report on product type testing, provided that such authority participated in the applied system of assessment of a construction product compliance:

ITB (AB050), report no.
LOW/031/2006

I declare with full responsibility that the construction product is consistent with the technical specification indicated in point 6.

Product Specialist

Balice, 1 January 2010

Michał Gryszówka
